

## **About the role**

As Align continues its steady expansion, we are looking for a Principal Civil Engineer to join us. This role will be hybrid mix of working from home and from one of our offices in Northallerton, Cockermouth, Kendal and Otley.

You will also have the opportunity to work with our clients throughout Yorkshire, the North West, Cumbria and the North East both remotely and on site when required.

You will be joining the Engineers Team, part of company's multi-discipline workforce of Architects, Building Surveyors, Drainage Engineers, Highways Engineers, M&E Engineers, Quantity Surveyors and Structural Engineers.

You will use your significant industry experience to manage project delivery, being fully involved in the conceptual and detailed design of infrastructure projects, including earthworks, roads and drainage. You will prepare detailed designs and specifications using PDS and/or Civils 3D, AutoCAD, Micro-Drainage/Flow, Tekla, etc. so IT literacy is essential as is working knowledge of relevant UK standards, adoptable standards and building regulations

Another key aspect of this role is to provide leadership and support to others. This is a great opportunity to use your experience of Civil Engineering and your leadership qualities to be part of a growing business that combines the drive of the private sector with the ethos of giving back from the public sector.

If you are a motivated and proactive civil engineer seeking new challenges and want to be part of a successful team then we would like to hear from you.
